Bespoke Woodflooring is a brand dedicated to providing exactly what you want when it comes to high-end engineered wood flooring for any setting, whether residential or commercial.

With 45 colours combined with 4 different styles of floor, there are a stunning 180 different options to choose from, all finished to order in our factory to your exact specifications.

Competitively priced with a full selection of exact colour matching flooring accessories it really is a true one stop shop for beautiful bespoke wood floors.

**BESPOKE WOODFLOORING,
YOUR VISION, OUR EXPERTISE**

SUPERIOR ENGINEERED WOOD FLOORING

We have sourced only the finest quality boards and oils for Bespoke Woodflooring, manufactured by partners we have worked with for many years to our detailed product specifications.

The leading range of bespoke flooring

- Wide and deep planks
- Herringbone
- Rustic and prime grade finish
- Full range of solid wood colour match accessories
- Suitable for commercial and residential use
- Fully guaranteed to be fitted over most water based underfloor heating systems
- Can be laid directly to the subfloor or floated on to an underlay for better sound and heat insulation

In addition, every container is independently checked by an ISO inspector before being shipped to our factory to ensure the unfinished flooring meets our stringent quality levels.

Our engineered wood flooring has a top layer of oak supported by a composite core, making the boards extremely stable in a wide range of settings, as well as offering a host of other benefits and options.

Our Bespoke
Woodflooring
finishing factory

We have invested in a state-of-the-art finishing machine in our factory, which can produce up to 300m² of finished boards per hour. Not only does this give us complete management of the process and materials, it also means we can keep lead times to a minimum and turn around large orders quickly.

We can also finish customers own flooring and accessories using our machine, with either one of our 45 quality UV oils or one supplied to us for specific project matching.

With full management of the end-to-end process we have managed to keep prices extremely competitive and are so confident in the caliber of Bespoke Woodflooring that all flooring comes with a 50 year warranty.

YOUR VISION

Simply select which boards you want, your choice of colour and matching accessories and let us do the rest. Bespoke Woodflooring is made to order in our own factory with normal delivery lead times of 2-3 weeks.

STEP 1: SELECT YOUR PLANK

Choose from 4 different styles with something for every project.

STEP 2: SELECT YOUR COLOUR

With 45 different options to choose from.

STEP 3: SELECT MATCHING ACCESSORIES

Complete your project with our range of accessories, colour matched to order.

OUR EXPERTISE

FINISHED TO ORDER

Boards are passed through a continuous, automated line managed by a team of experts and undergo several processes to create the finished product.

Firstly, each plank is brushed to enhance the grain and open the pores of the wood for deeper penetration of the oils. The depth of the brushing can be altered to increase the textured appearance and finish. They are then de-nibbed to take off any raised areas of grain which may affect staining before the roller coater adds the coloured UV oil to the boards.

Following this they pass through two buffing pads to push the oil deep into the wood to ensure longevity of colour, followed by the UV drying machine which seals the colour in. Finally each plank is checked and packed, ready for delivery.

TRADE SAMPLES

You can order a full set of finish and colour samples in a convenient briefcase, making it easy for you to show your customers the full range of options available.
